Sam Szuchan
@SamuelSzuchan

7. testimonial.to

Collecting (and displaying) testimonials has never been easier.

Price: free for 12 testimonials

Get testimonials from your customers with ease!

Testimonial | The easiest way to collect and display testimonials

testimonial.to

The screenshot displays a grid of testimonials. On the left, a large testimonial from Darren Westall, CEO of Paiger.co, is featured with a video player icon and a quote: "It's the easiest and simplest solution we found on the market!". Below it is a testimonial from Hannah Maslar, Head of Customer Marketing & Community at Mixpanel, with a quote: "I LOVE Testimonial and so does our entire company! In just one month of being a customer, I've been thoroughly impressed by the speed of innovation and new features released. The team is constantly open to my feedback and not only listens to what I have to say but makes my ideas happen." The Mixpanel logo is visible at the bottom of this testimonial. To the right, another testimonial from Zuhayeer Musa, Co-founder of Levels.fyt, is shown with a quote: "Once we added Testimonial, it unlocked so much more conversion for us!". Below it is a testimonial from Kenneth Cassel, Founder of Slip.so, with a quote: "Testimonial has been a big part of my conversions. I've had multiple customers tell me they bought vim.so because of the reviews." The Slip.so logo is visible at the bottom of this testimonial.

9. [figma.com](https://www.figma.com)

Streamlined platform for collaborating on any design (apps, sites, graphics, etc.).

Pricing: free for one project

Figma

Where teams design better products, together

Figma: the collaborative interface design tool.

[figma.com](https://www.figma.com)

Sam Szuchan
@SamuelSzuchan

10. rows.com

Turns messy spreadsheets into beautiful designs and detailed insight.

Pricing: generous freemium plan

11. retool.com

By far the easiest way to build internal tools for your team.

Pricing: free up to 5 users

The screenshot displays the Rows application interface. At the top, the word "Rows" is written in a bold, sans-serif font. Below it, a browser window shows a "Website analytics report". The report features a line chart titled "Website visitors" with three data series: "Pages per session", "Unique page views", and "Page views". The chart shows an upward trend for all three metrics over time. Below the chart, there is a table titled "Analytics insights" with columns for "URL", "analytics date", "Page views", "Unique page views", "Pages per session", "Avg time on page (s)", and "Exit Rate". The table contains three rows of data, with the first row highlighted in green.

The new way to spreadsheet
rows.com
